Art	**Year 1**	**Portraits**

Knowledge	Vocabulary
Pablo Picasso 1881-1973 Picasso was a Spanish artist who lived in Paris, France. He was brilliant at drawing. He loved to experiment with colour. He had times where he first made lots of sad, blue paintings followed by lots of happier paintings using warmer colours. He invented Cubism. **Cubism** In Cubist artwork, the artist breaks an object into different shapes. The paintings are not realistic. **Paul Klee 1879-1940** Klee focused on using colour. He often painted a watercolour background and then created a simple line drawing on top. **Andy Warhol 1928-1987** Warhol was a famous American pop artist. He used a technique called screen printing to create lots of pictures that looked the same, but were different colours. **Weeping woman – Pablo Picasso** **Senecio – Paul Klee**	• **Portrait** – a picture of one person or a small group of people • **Self-portrait** – a picture of yourself • **Warm colours** – bright colours like yellow, orange, pink and red • **Cold colours** – darker colours like green, blue, indigo and violet • **Collage** – technique of combining objects to make a picture • **Abstract art** – where shapes and colour are used to make an image that everyone sees differently • **Watercolours** – paints that you mix with water • **Watercolour wash** – using paint and water and sweeping the paintbrush across a large surface to create a background • **Sweep** – moving the paintbrush from side to side • **Line drawing** – a drawing created using only simple lines • **Pattern** – when the same image is repeated • **Monochrome** – one colour
Activities • Look at examples of portraits by famous artists • Draw a self-portrait with detailed features, selecting appropriate colours • Draw a happy or sad portrait selecting appropriate colours • Use collage materials to make an abstract portrait • Create a watercolour wash and add line drawings in the style of Paul Klee • Use oil pastels to create a repeated portrait in the style of Andy Warhol	

Skills
• Learn about the work of famous artists • Develop art and design techniques (using colour, watercolours, collage, line drawing, pattern) • Evaluate their own and others' work
